To: The Shareholders of AMPROP

Dear Sir/Madam

PROPOSED SHAREHOLDERS' MANDATE

1. INTRODUCTION

At the 53rd AGM of the Company held on 30 August 2019 ("Last AGM"), the Shareholders had approved the mandate for the Company and/or its subsidiaries to enter into the Recurrent Transactions with the Related Parties on normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the minority shareholders. The shareholders' mandate for Recurrent Transactions shall lapse at the conclusion of the forthcoming 54th AGM of the Company scheduled to be held on Wednesday, 23 September 2020.

Accordingly, the Board had on 18 June 2020 announced that AMPROP proposes to seek Shareholders' approval at the forthcoming 54th AGM for the renewal of the existing shareholders' mandate approved at the Last AGM and a new shareholders' mandate for AMPROP Group to enter into additional Recurrent Transactions.

This Circular serves to provide you with the relevant information on the Proposed Shareholders' Mandate and to set out your Board's recommendation thereon and to seek your approval for the ordinary resolutions to be tabled at the forthcoming 54th AGM to be convened and held on Wednesday, 23 September 2020. The Notice of the 54th AGM together with the Form of Proxy are enclosed in the Annual Report 2020 of AMPROP.

Shareholders are advised to read the contents of this Circular carefully before voting on the resolutions pertaining to the Proposed Shareholders' Mandate.

2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE

2.1 Proposed Shareholders' Mandate

The Board hereby seeks shareholders' mandate pursuant to paragraph 10.09 of the Listing Requirements for Recurrent Transactions between AMPROP Group and certain Directors and Major Shareholders of the Group and/or Persons Connected to them.

If approved by Shareholders at the forthcoming 54th AGM, the Proposed Shareholders' Mandate will be subject to annual renewal. In this respect, any authority conferred by the Proposed Shareholders' Mandate shall only continue to be in force until:

- (a) the conclusion of the next AGM of the Company following the forthcoming AGM at which such Proposed Shareholders' Mandate was passed, at which time it will lapse, unless by a resolution passed at the meeting whereby the authority is renewed;
- (b) the expiration of the period within which the next AGM of AMPROP is required to be held pursuant to Section 340(2) of the Act (but must not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (c) revoked or varied by resolution passed by the Shareholders in general meeting;

whichever is the earlier.

Approval from Shareholders will be sought for the Proposed Shareholders' Mandate at the next AGM and at each subsequent AGM of the Company, subject to satisfactory review by the Audit Committee of the Company of its continued application to the Recurrent Transactions.

2.2 The Recurrent Transactions

The principal activity of AMPROP is investment holding. Its subsidiaries are principally involved in property development, investment and management as well as contracting and renewable energy.

It is anticipated that AMPROP Group would, in the ordinary course of business, enter into transactions with the Related Parties as set out below.

2.2.1 Related Parties and Nature of the Recurrent Transactions

However, in accordance with Section 3.3 of Practice Note 12 of the Listing Requirements, any one of the percentage ratios of the transactions is not more than 10%.

2.3 Amount Due and Owing to AMPROP Group by Related Parties

The outstanding amount owing to AMPROP Group by its Related Parties pursuant to Recurrent Transactions which exceeded the credit term as at 31 March 2020 is as follows:

Related Parties	Nature of Transactions	Outstanding Amount as at 31 March 2020 (RM)	Ageing Analysis (RM)			
			≤ 1 year	> 1 year to 3 years	> 3 years to 5 years	> 5 years
The Singing Shop Sdn Bhd	Rental of commercial and retail lots to The Singing Shop Sdn Bhd	10,000	10,000	-	-	-

The outstanding amount has been fully settled in April 2020 and no late payment interest was imposed as The Singing Shop Sdn Bhd is a tenant with good payment record.

2.4 Review Procedures for the Recurrent Transactions

The Recurrent Transactions are conducted at arm's length on commercial terms based on prevailing market prices which are not more favourable to the Related Parties than those extended to the general public and are not to the detriment of the minority shareholders.

The Company had implemented the following procedures to supplement existing internal procedures to ensure that the Recurrent Transactions are undertaken on arm's length basis and on normal commercial terms:

- (a) To enable the Audit Committee to review and monitor the Recurrent Transactions, a report on the Recurrent Transactions will be made by senior management based on the price competitiveness of services or goods procured or provided under the Proposed Shareholders' Mandate for the Audit Committee's consideration.
- (b) A register is being maintained by the Company to record all the Recurrent Transactions which are entered into pursuant to the Proposed Shareholders' Mandate and will be available to the Audit Committee for its quarterly review.

- (c) To ensure that such Recurrent Transactions are conducted at arm's length and on normal commercial terms consistent with the Group's usual business practices and policies and will not be prejudicial to Shareholders, management will ensure that the Recurrent Transactions with the Related Parties will only be entered into after taking into account the pricing, level of service, quality of product and other relevant factors.
- (d) The Recurrent Transactions undertaken will be done on competitive terms where at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.
- (e) In the event that the quotation or comparable pricing from unrelated third parties cannot be obtained, the transaction price will be reviewed by the Audit Committee to ensure that the Recurrent Transactions are not detrimental to AMPROP Group.
- (f) There is no specific threshold for approval of Recurrent Transactions within the Group as the Recurrent Transactions contemplated under the Proposed Shareholders' Mandate will be carried out at arm's length basis, on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders. All the Recurrent Transactions are tabled to the Audit Committee for review on a quarterly basis.
- (g) The Audit Committee may, if it considers necessary, instruct the internal auditors to carry out a review of any or all of the Recurrent Transactions to ascertain that the guidelines and procedures established to monitor the Recurrent Transactions have been complied with.

2.5 Audit Committee Statement

The Audit Committee is of the view that the review procedures in respect of Recurrent Transactions as mentioned in Section 2.4 above are sufficient to ensure that the Recurrent Transactions are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

The Audit Committee is also of the view that the Group has in place adequate procedures and processes to monitor, track and identify Recurrent Transactions in a timely and orderly manner. The Audit Committee's review procedures will be conducted on a quarterly basis together with the review of quarterly results, or such frequency as the Audit Committee considers appropriate having regard to the value and the frequency of the Recurrent Transactions.

2.6 Rationale for and Benefit of the Recurrent Transactions

The Recurrent Transactions are in the ordinary course of business of the Group and are on terms not more favourable to the Related Parties than those generally available to the public. Except for the rental of premises and provision of management services that recur monthly, it is envisaged that transactions between the Group and the Related Parties are likely to occur from time to time.

AMPROP Group will benefit from the Recurrent Transactions through the synergies that are derived from the Related Parties' expertise and resources. The utilisation of the Related Parties' resources would result in cost and operational efficiencies, flexible credit terms and better control of delivery and service levels.

The Proposed Shareholders' Mandate, subject to annual renewal, will enhance the ability of the companies in the Group to pursue business opportunities, which are time sensitive in nature and will eliminate the need for the Company to announce and convene separate general meetings on each occasion to seek Shareholders' prior approval for the Recurrent Transactions. This will substantially reduce the expenses associated with the convening of general meetings on an *ad hoc* basis, improve administrative efficiency and allow human resources and time to be channelled towards attaining corporate objectives.

Disclosure shall be made in the annual report of a breakdown of the aggregate value of transactions conducted pursuant to the Proposed Shareholders' Mandate during the financial year where the aggregate value is equal to or more than the threshold prescribed under paragraph 10.09(1) of the Listing Requirements based on the following information:

- (i) the type of the Recurrent Transactions made; and
- (ii) the names of the Related Parties involved in each type of the Recurrent Transactions made and their relationship with AMPROP Group.

3. APPROVALS REQUIRED FOR THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate requires the approval of the Shareholders of the Company at the forthcoming 54th AGM.

4. FINANCIAL EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate is not expected to have any material effect on the issued share capital, EPS, NA per Share and Substantial Shareholders' shareholding of AMPROP Group.

Registration No: 196501000597 (6386-K)

STATEMENT IN RELATION TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

On 18 June 2020, the Board announced that the Company proposes to seek the Shareholders' approval for the Proposed Share Buy-Back at the forthcoming 54th AGM.

The purpose of this Statement is to provide you with the relevant information in relation to the Proposed Share Buy-Back and to seek your approval on the ordinary resolution to be tabled at the forthcoming 54th AGM of the Company to be held on Wednesday, 23 September 2020.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

The Company had, at the 53rd AGM of the Company held on 30 August 2019, obtained its Shareholders' approval for the Company to purchase and/or hold in aggregate up to ten per centum (10%) of the total number of issued ordinary shares of the Company at any point in time through Bursa Securities. In accordance with the Listing Requirements governing the purchase of its own shares by a listed company, the aforesaid approval will continue in force until the conclusion of the forthcoming 54th AGM, which will be held on Wednesday, 23 September 2020.

The Company proposes to seek the authorisation from the Shareholders for a renewal of the authority for the Company to purchase its own shares and/or hold as Treasury Shares representing up to ten per centum (10%) of the total number of issued ordinary shares of the Company at any point in time through Bursa Securities in accordance with Section 127 of the Act, the Listing Requirements and/or any other relevant authority.

As at LPD, the total number of ordinary shares issued by the Company is 733,132,219 Shares. As such, the maximum number of AMPROP Shares which may be purchased and/or held by the Company will be not more than 73,313,221 AMPROP Shares based on the total number of issued ordinary shares of the Company as at LPD, the amount of which includes 18,348,500 Treasury Shares.

The authorisation, if given, shall be effective immediately upon the passing of the ordinary resolution relating thereto at the 54th AGM and will continue to be in force until:

- (i) the conclusion of the next AGM of the Company following the general meeting, at which such resolution was passed, at which time it will lapse, unless by an ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM of the Company after that date is required by law to be held; or
- (iii) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting;

whichever occurs first.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back may stabilise the supply and demand of AMPROP Shares traded on the Main Market of Bursa Securities and thereby support the fundamental value of the Shares.

The Proposed Share Buy-Back is expected to enhance the value for Shareholders from the resultant reduction in the number of Shares in the open market. Assuming all things being equal, the EPS of the Group may be enhanced as the consolidated earnings would be divided by a reduced number of Shares. This is expected to have a positive impact on the market price of AMPROP Shares which will benefit the Shareholders.

The Purchased Shares can also be retained as Treasury Shares and resold on Bursa Securities at a higher price. The distribution of Treasury Shares as share dividends (if any) will also reward the Shareholders as it would increase the number of Shares held which can subsequently be resold in the open market. Alternatively, the Treasury Shares can be transferred for purposes of or under the employees' share scheme of the Company or such other purposes as allowed under the Act.

4. TREATMENT OF PURCHASED SHARES

Pursuant to the provisions of Section 127 of the Act, the Board may deal with the Purchased Shares in the following manner:

- (a) cancel the Shares so purchased; or
- (b) retain the Shares so purchased as Treasury Shares; or
- (c) retain part of the Shares so purchased as Treasury Shares and cancel the remainder; or
- (d) distribute the Treasury Shares as share dividends to Shareholders; or
- (e) resell the Treasury Shares or any of the said shares in accordance with the Listing Requirements; or
- (f) transfer the Treasury Shares or any of the said shares as purchase consideration; or
- (g) transfer the Treasury Shares or any of the said shares for the purposes of or under an employee's share scheme or such other purpose as allowed under the Act; or
- (h) cancel the Treasury Shares or any of the said shares.

Appropriate announcement(s) and notice(s) will be made to Bursa Securities and the relevant authorities in respect of the Board's decision on the treatment of the Purchased Shares in compliance with the Listing Requirements and the Act. The Board may decide to cancel the Purchased Shares if the cancellation of the said shares is expected to enhance the EPS of the Group and thereby in the long term, have a positive impact on the market price of the Shares. If the Board decides to retain the Purchased Shares as Treasury Shares, it may distribute the Treasury Shares as share dividends to the Shareholders and/or resell the Purchased Shares in accordance with the Listing Requirements and utilise the proceeds for any feasible investment opportunity arising in future as working capital.

While the Purchased Shares are held as Treasury Shares, the rights attached to them as to voting, dividends and participation in other distributions and otherwise are suspended, and the Treasury Shares shall not be taken into account in calculating the number or percentage of Shares or a class of shares in the Company for any purpose including substantial and major shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on resolution at a meeting of the Shareholders.

5. SOURCE OF FUNDS

The maximum amount of funds to be allocated for the purchase of AMPROP Shares pursuant to the Proposed Share Buy-Back shall not exceed the retained profits of the Company at the time of purchase(s). Based on the latest audited financial statements as at 31 March 2020 and the unaudited financial results as at 30 June 2020, the retained profits of the Company were RM405,399,000 and RM378,910,000 respectively.

The amount of funds allocated for the purchase of AMPROP Shares pursuant to the Proposed Share Buy-Back will be financed through internally generated funds and/or external borrowings, the proportion of which will depend on the actual number of AMPROP Shares to be purchased, the price of the Shares, available funds at the time of purchase and other relevant cost factors.

In the event the Company purchases its own shares using external borrowings, the Board does not foresee any difficulty in repayment of the borrowings and that the repayment will have no material effect on the cash flow of the Company.

6. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

- (a) Potential advantages of the Proposed Share Buy-Back are as follows:
- (i) allows the Company to take preventive measures against speculation particularly when its Shares are undervalued which would in turn stabilise the market price of AMPROP Shares and hence, enhance investors' confidence;
 - (ii) the Company's share capital base will be reduced pursuant to the Proposed Share Buy-Back which will increase EPS or the amount of dividend received, all else being equal;
 - (iii) if the Purchased Shares are retained as Treasury Shares, the Company may increase its financial resources from the resale of Treasury Shares at a higher price than when it was purchased;
 - (iv) if the Purchased Shares are distributed as share dividends, it will serve to reward the Shareholders of the Company; and
 - (v) if the Purchased Shares are transferred for the purpose of or under the employees' share scheme of the Company, it will serve to reward the employees of the Company.
- (b) Potential disadvantages of the Proposed Share Buy-Back are as follows:
- (i) the Proposed Share Buy-Back will reduce the financial resources of AMPROP Group and may result in AMPROP Group foregoing any investment opportunity that may emerge in the future; and
 - (ii) the funds to be allocated from retained earnings of the Company may result in the reduction of financial resources available for distribution to Shareholders in the immediate future.

Nevertheless, the Board will be mindful of the interests of AMPROP and the Shareholders in implementing the Proposed Share Buy-Back.

7. EFFECTS OF THE PROPOSED SHARE BUY-BACK

On the assumption that the Proposed Share Buy-Back is implemented in full by AMPROP, the effects of the Proposed Share Buy-Back on the share capital, NA, working capital and earnings of AMPROP are set out below:

a. Share Capital

There will be no effect on the issued share capital of AMPROP if all the Purchased Shares are retained as Treasury Shares.

Assuming that all the Purchased Shares are subsequently cancelled, the effect on the issued ordinary share capital of AMPROP will be as follows:

	No. of Shares
Total number of issued ordinary shares as at LPD	733,132,219*
Less : Cancellation of all Purchased Shares	(73,313,221)*
Total number of issued ordinary shares upon completion of the Proposed Share Buy-Back	659,818,998

Note:

* Inclusive of 18,348,500 Treasury Shares as at LPD.

b. NA

The effect on the NA per share of AMPROP Group will depend on the purchase prices of AMPROP Shares and the effective funding cost to AMPROP Group to finance the purchase of AMPROP Shares or any loss in interest income.

The consolidated NA per share of AMPROP Group will reduce when the purchase price per AMPROP Share exceeds the NA per share of AMPROP Group at the time of purchase. Conversely, the consolidated NA per share of AMPROP Group will increase at the time of purchase if the purchase price per AMPROP Share is less than the consolidated NA per share of AMPROP Group.

If the Purchased Shares were subsequently resold through Bursa Securities, the consolidated NA per share of AMPROP Group would increase if the Company realised a gain from the resale and vice versa. However, the quantum of the increase in NA will depend on the selling price and the number of AMPROP Shares resold.

If the Treasury Shares are distributed as share dividends, the NA per share of AMPROP Group would decrease by the cost of the Treasury Shares.

c. Working Capital

The Proposed Share Buy-Back will reduce the working capital of AMPROP Group, the quantum of which will depend on the purchase price and the number of AMPROP Shares purchased.

d. Earnings

The effect of the Proposed Share Buy-Back on the earnings of the Group will depend on the number of AMPROP Shares purchased, actual purchase price of AMPROP Shares and the effective funding cost to finance the purchases. Generally, a lesser share capital subsequent to the cancellation of the Shares bought-back or either kept as Treasury Shares will have a positive impact, all else being equal, on the Group's EPS.

8. PURCHASE, RE SALE, TRANSFER OR CANCELLATION OF TREASURY SHARES MADE IN THE PRECEDING TWELVE (12) MONTHS

There were no purchase of Shares and no resale, transfer or cancellation of Treasury Shares in the previous twelve (12) months preceding the date of this Statement.

As at LPD, the Company held a total of 18,348,500 Treasury Shares.

9. SHAREHOLDINGS OF DIRECTORS AND SUBSTANTIAL SHAREHOLDERS

Based on the Registers of Directors' and Substantial Shareholders' shareholdings as at LPD and assuming that the Company acquires the maximum number of the Shares authorised under the Proposed Share Buy-Back from Shareholders other than the Directors and Substantial Shareholders of the Company and that all the Shares so purchased are fully cancelled, the effect of the Proposed Share Buy-Back on the shareholdings of the Directors and Substantial Shareholders of the Company are as follows:

Director/ Substantial Shareholder	As at LPD				After Proposed Share Buy-Back

10. PUBLIC SHAREHOLDING SPREAD

The public shareholding spread of the Company as at LPD was 25.06%. Assuming the Proposed Share Buy-Back is implemented in full, the public shareholding spread of the Company is expected to be reduced to 18.82%.

The Board is mindful of the compliance with public shareholding spread as required by the Listing Requirements and will take into consideration the requirement when making any purchase of AMPROP Shares pursuant to the Proposed Share Buy-Back.

11. HISTORICAL SHARE PRICES

The monthly highest and lowest prices of AMPROP Shares as traded on the Main Market of Bursa Securities for the last twelve (12) months from August 2019 to July 2020 are as follows:

12. IMPLICATIONS OF THE CODE

As at LPD, AMCORP holds 69.34% of the total number of ordinary shares issued by AMPROP. Based on the total number of issued ordinary shares of AMPROP of 733,132,219 as at LPD and assuming the Proposed Share Buy-Back is carried out in full and that all the AMPROP Shares purchased are cancelled, the shareholding of AMCORP in AMPROP will increase to 75.12%.

Pursuant to the Code, if a person or a group of persons acting in concert holds more than 50% of the voting shares of a company, there is no obligation to undertake a mandatory general offer for the remaining shares of the company not already owned by the said person or persons acting in concert. Accordingly, the Proposed Share Buy-Back would not give rise to any mandatory offer obligation under the Code.

13. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save for the inadvertent increase in the percentage of shareholdings and/or voting rights of the Shareholders as a consequence of the implementation of the Proposed Share Buy-Back, none of the Directors, Major Shareholders of AMPROP and/or Persons Connected to them has any interest, direct or indirect, in the Proposed Share Buy-Back or resale of Treasury Shares, if any.
